PROFESSIONAL SUMMARY

Frontend Developer with almost five years of previous experience creating and maintaining websites using HTML, CSS, and JavaScript.

Lately, I've updated my skills with React, TypeScript, TailwindCSS, and Astro, developing several modern projects like a full-stack recipe website and a Headless WordPress blog.

I'm currently learning Next.js and building an admin dashboard to improve my understanding of component architecture and design systems.

I'm familiar with testing (Jest, Cypress) and Agile workflows.

Native Spanish speaker, fluent in English, based in Finland with an EU long-term residence permit.

SKILLS

- **Languages:** HTML5, CSS3, JavaScript (ES6+),
- **FrameWorks & Libraries:** React, Astro, JQuery (Learning Next.js)
